

Guide to Setting up your Manufacturing Business in Southeast Asia

Rethink your manufacturing with Singapore and Vietnam as your regional base is the ideal model.

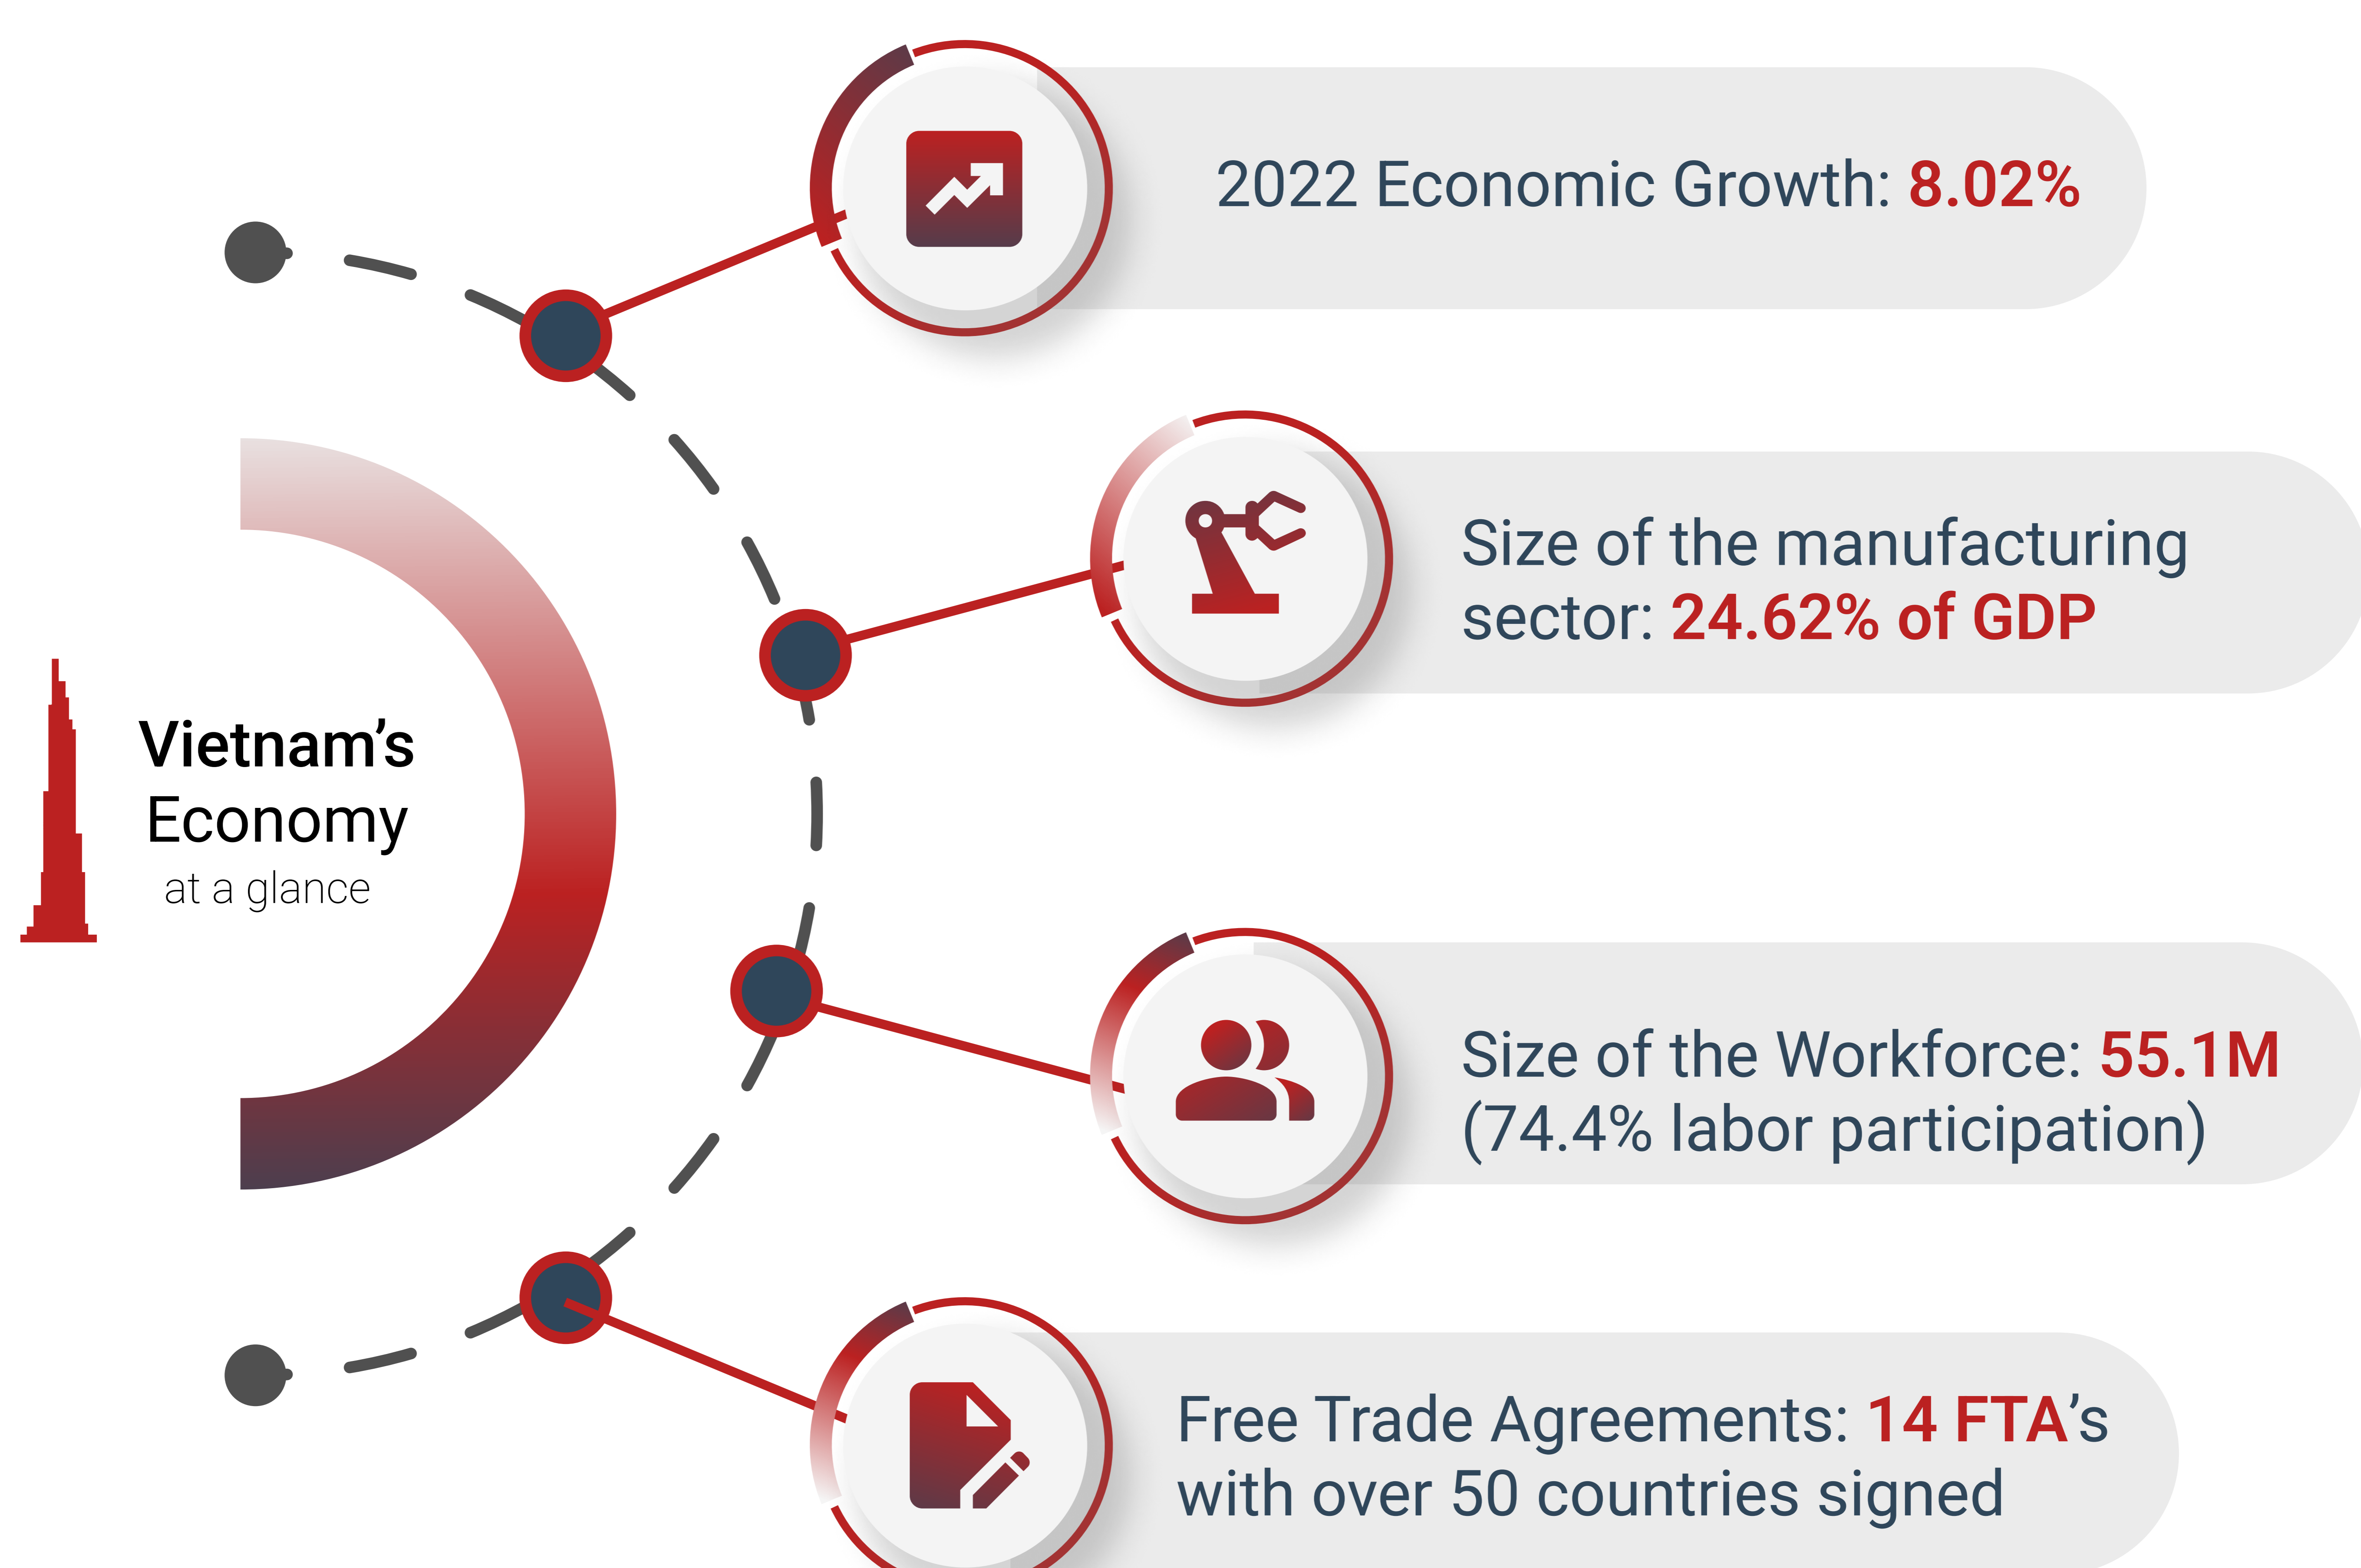

Expanding your Business?

The ideal structure for manufacturing in Southeast Asia

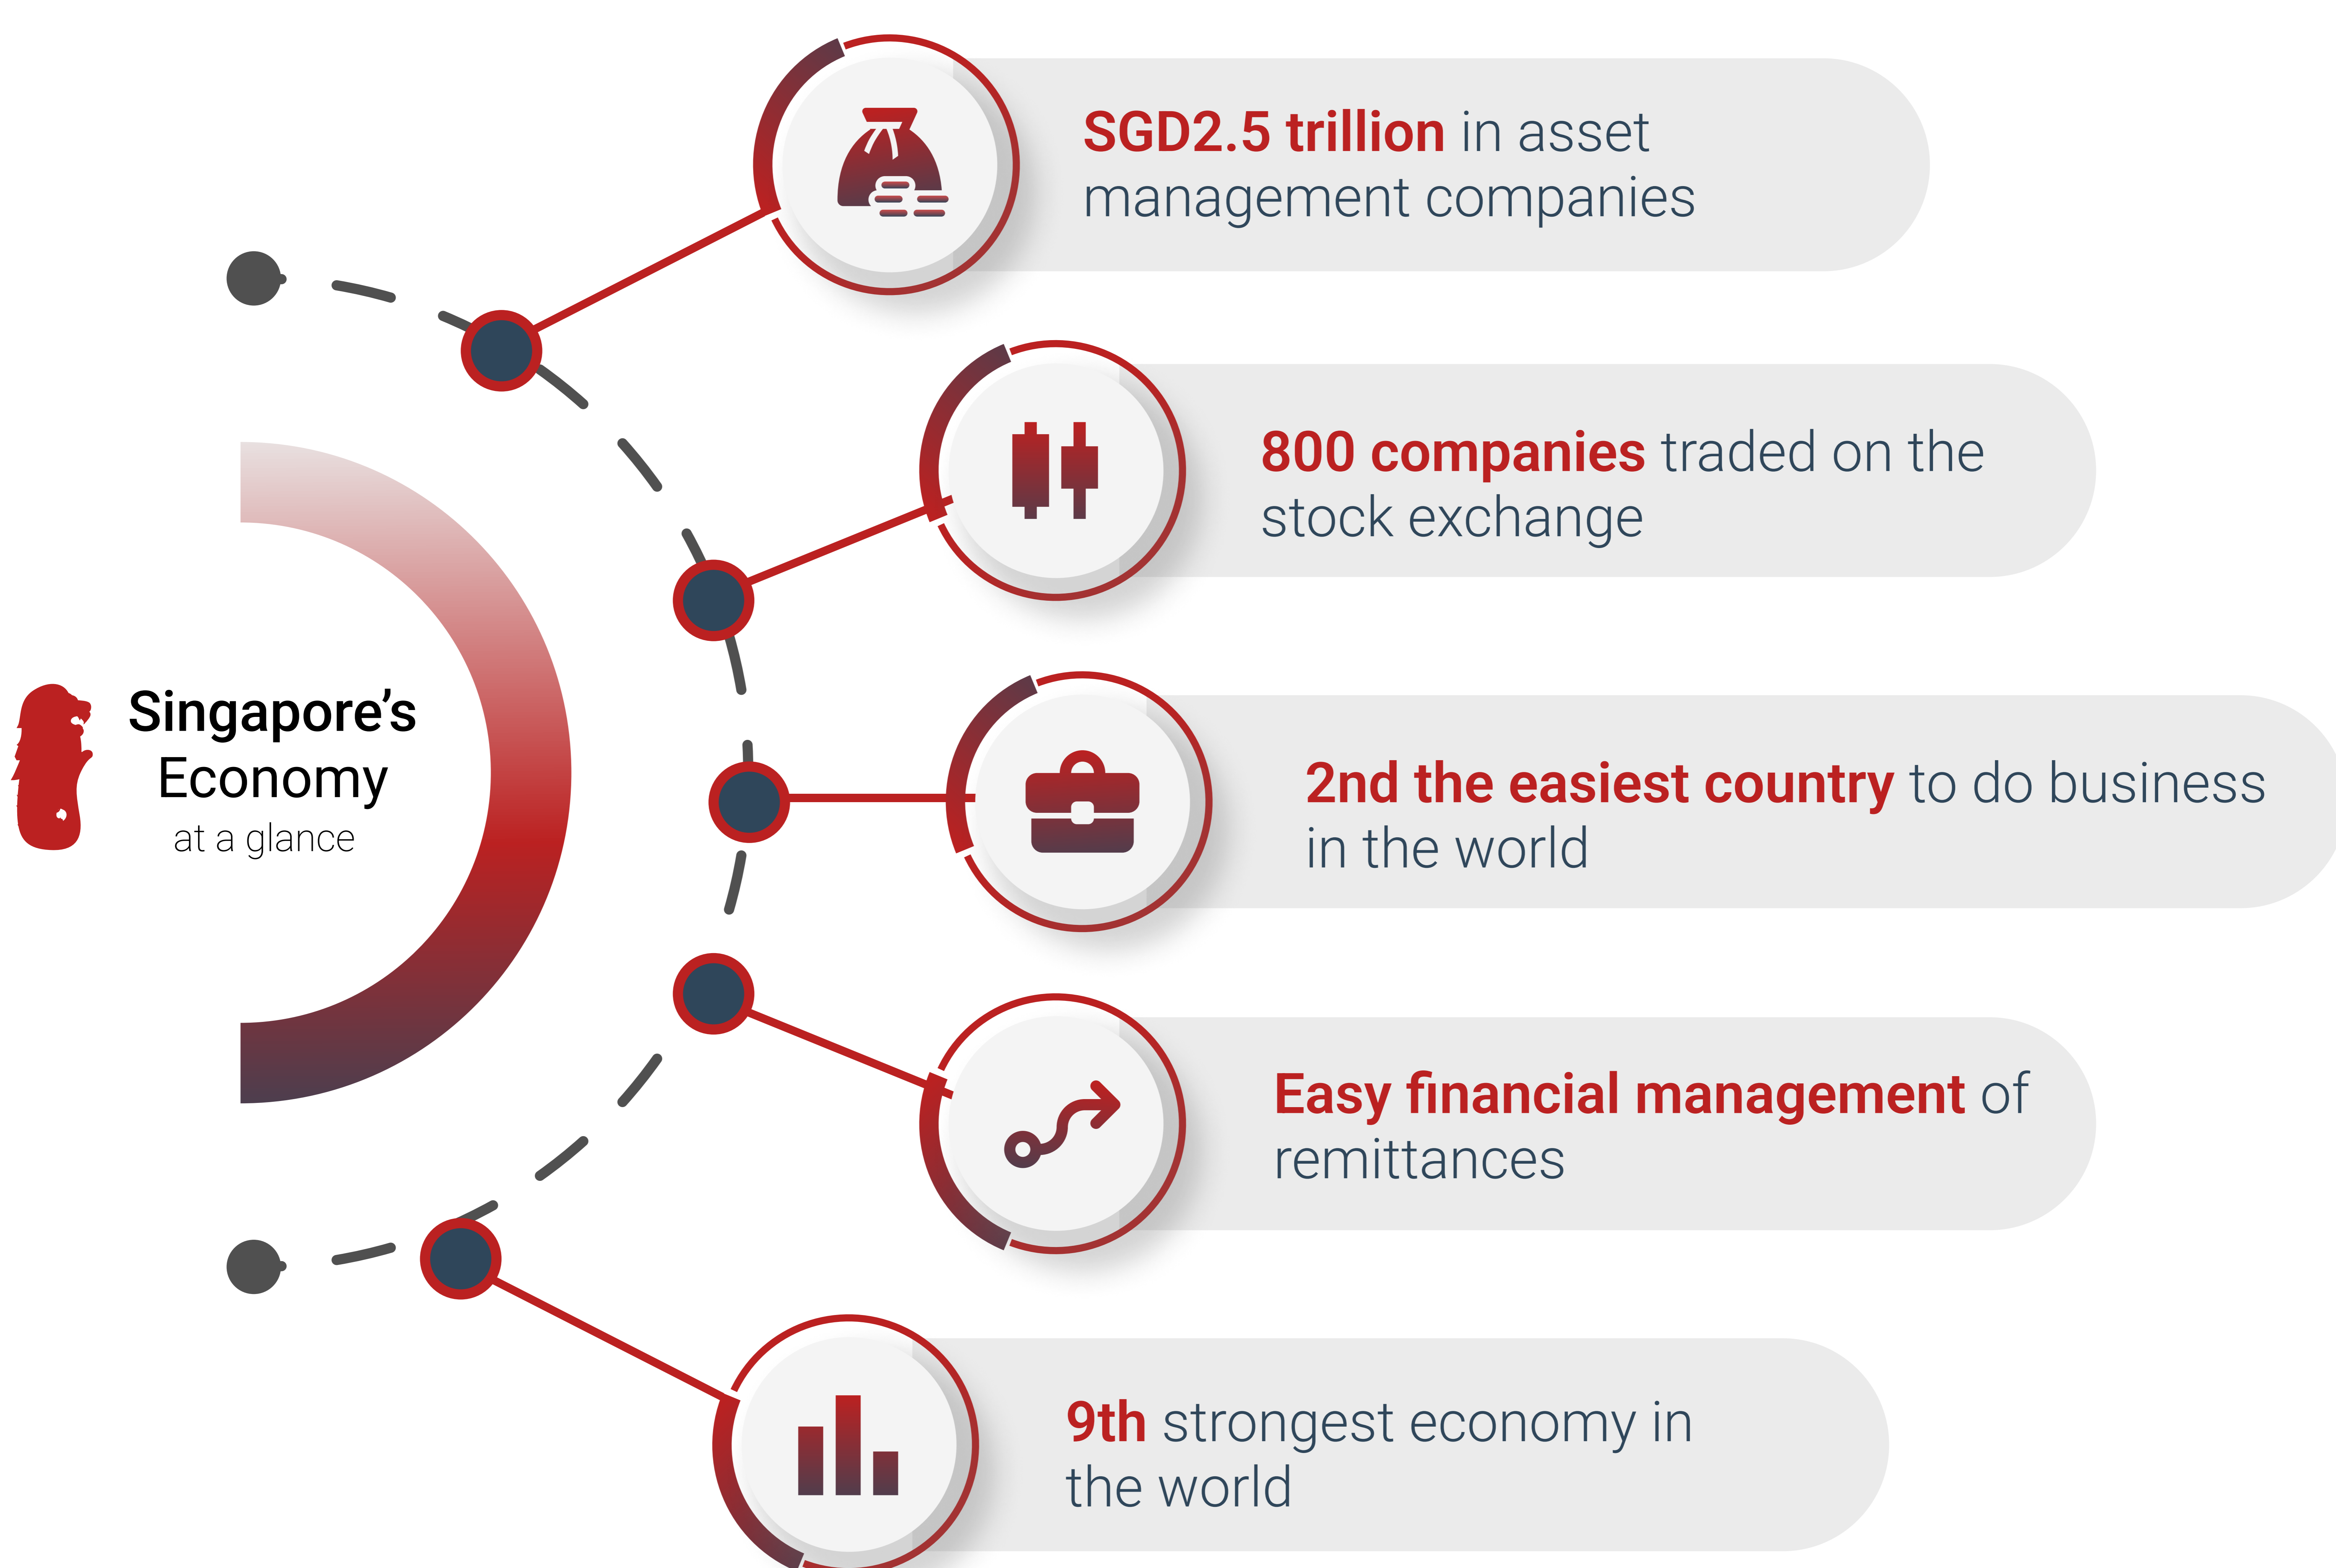

- Singapore: Your Regional & Financial Headquarters
- Vietnam: Your Manufacturing & Operations Location
- Infrastructure Development
- Industrial Park Infrastructure Development
- IT
- Food Processing
- Agro-Forestry Product Processing
- Construction Material
- Supporting Industries
- New Material Industry
- Electricity

WHY VIETNAM?

WHY SINGAPORE?

THE IDEAL SETUP

Set up your R&D and manufacturing in Vietnam to take advantage of its low cost of operations, low export tariffs, its large workforce.

In the meantime, set up your financial headquarters in Singapore to take advantage of its modern and seamless financial systems and infrastructure.
